Athena

E-Learning Solutions with Assessment / Test Management

Easy to Implement E-Learning Solutions to Enhance your Training Needs

Overview

With technology evolving at its current pace, scope of the web-based learning is virtually limitless. E-Learning is an increasingly important element in learning and it provides the facility to deliver learning over the Internet or via your intranet, integrated with your tutoring, learner support and management processes. E-Learning provides exciting, new opportunities for effective training.

Athena is a online learning & assessment management system to deliver quality content management with question bank and evaluation to the end users through internet or intranet in an effective way. It provides a robust platform to learn at anytime and from anywhere.

Key Features

- Fully hosted LMS solution for effective learning
- Learning materials management with PPT, audio & video
- Question bank creation & management

- Practice test for continual improvements
- Real time online assessment and offline evaluation
- Performance monitoring & evaluation
- Comprehensive reports with graphical display
- User-friendly & informative dashboard
- Online support from tutors
- Interactive features like Chat, Forum & Blog
- Online fee payment
- Secure, hierarchy-based access privileges for users

ANGLER
An ISO 9001 Company
www.angleritech.com

Athena provides an outstanding web-based Learning Content Management System (LCMS), using which the administrator can manage the learning contents, create assignments, training exams and perform online assessment along with evaluation & analysis.

Athena enables rapid e-learning deployment and maintenance with a single point administration.

Benefits

- Learning is self-placed and offers students a chance to speed up or slow down as necessary
- Learning is self-directed, allowing students to choose content and tools appropriate to their differing interests, needs and skill levels
- Designed around the learner
- Geographical barriers are eliminated, opening up broader education options
- 24 x 7 accessibility makes scheduling easy and allows a greater number of people to attend classes
- Potentially lower costs for companies needing training and for the provider as well

Applications

- Schools
- Colleges & Universities
- Corporate Companies
- Training Institutes
- Distance Learning Programs
- Learning Oriented Websites

How It Works
